```

5. **Info** Trailing slash on void elements has no effect and interacts badly with unquoted attribute values.

From line 7, column 3; to line 7, column 47

```
e=1" /><meta name="theme-color" content="#000000" /><me
```

6. **Info** Trailing slash on void elements has no effect and interacts badly with unquoted attribute values.

From line 8, column 3; to line 11, column 4

```
000" />
<meta name="description" content="Nomad Narratives. A one-stop shop for your
```

## Index.html cont.

The trailing slashes are caused by React's self-closing tags in the generated html. I have chosen to leave them as is for now and look into alternatives (if necessary) before future developments take place.

The bad value error comes from React's use of '%PUBLIC\_URL%'. They say:

*It will be replaced with the URL of the `public` folder during the build.  
Only files inside the `public` folder can be referenced from the HTML.*

These errors/info points won't be addressed in further reports, however unique errors/info points will be.

- Error** Start tag seen without seeing a doctype first. Expected: `<!DOCTYPE html>`.

From line 1, column 1: to line 1, column 16

```
<html lang="en"><head>
```

Document checking completed.

This code was copied directly from dev tools. The html doctype is present but was one step above the copied code.

```
<!DOCTYPE html>
<html lang="en">
  <head>
  </head>
  <body>
    <noscript>You need to enable JavaScript to run this app.</noscript>
    <div id="root">
      <div class="App_App_16ZpL">
        <nav class="NavBar_NavBar_1amC6 navbar navbar-expand-md navbar-fixed-top">
        </nav>
        <div class="App_Main_HQkvd container">
        </div>
      </div>
    </body>
  </html>
```
